

Bear Dominos - matching game

JUST FOR FUN TILES: Print, then cut out each playing piece.

STRONG BEAR TILES: If you would like to have stronger playing tiles, glue the printed sheets to a piece of poster board. After you've cut the pieces out, cover them with clear contact paper or laminated paper.

TO PLAY THE GAME: Lay all of the pieces on the table, face down so you can not see the animals. Each player takes 5 pieces. First player lays down a playing piece. The next person lays down a playing piece that matches one of the pictures on the domino tile. If you do not have a matching picture, pick another domino from the remaining stack of dominos. The game continues until one of the players uses up all of their domino tiles.
